Step 5:- If in the place of 'Current Basic' in the table shown above, a message is displayed as "Please contact concerned Treasury", then either the concerned employees' pay bill was not generated through HRMS on Sept 2017 /2018 or the Grade Pay in the basic details is not correct. In such cases, the concerned treasuries may be approached with supporting IPS documents.

Step 6:- Now check the Basic Details page of the employees & verify whether the Revised Basic Pay including the Annual increment of this year is reflecting or not.
